

January 16th, 2019, Johnson City, TN - **Allied Dispatch Solutions LLC announces the company's second business acquisition in ten months with the addition of the technology and executive team from Ontario based Rapitow Corp.** Officially joining Allied Dispatch Solutions and Dominion Automobile Association. Rapitow helps form one of North America's strongest roadside logistics and call center companies.

Rapitow is recognized as one of the industry's leading technology innovators as it relates to the connected roadside experience. Rapitow was founded in 2014 with a vision to create a seamless experience that integrates with existing OEM, insurance, wireless, warranty and member based roadside products. Rapitow has built proven user and provider interfaces that allow the ability to schedule, secure and monitor every type of roadside event. Rapitow is fully functional in both a downloadable application form as well as a mobile hyperlink text environment. Waheed Subhani Rapitow CEO and SVP of Strategic Initiatives for Dominion Automobile Association cites ***"Joining the success of Allied is exciting! Myself and my leadership team are committed to building a premier global roadside services company."***

The addition of Rapitow completes the "TrxNow" technology platform. ***TrxNow is available across the United States and Canada.*** The technology offers both the customer and the provider full visibility of the location and movement related to the event. In addition to increased visibility and connectivity, each event is backed up by live monitoring in a controlled environment providing additional support and real time reporting for clients. Wayne Abadie, COO adds ***"We are confident that adding Rapitow's developed technology allows us to leap frog the current state of roadside assistance across North America and further expands our ability to support a variety of logistic- based service needs."***

Allied Dispatch Solutions and Dominion Automobile Association are poised for further growth and are available to exceed your roadside assistance, logistics tracking, and call center solution needs.
